

Materials:

- Gallon Milk/Water Jug
- Black Marker
- Strand of Lights
- Small rocks or sand
- knife

Directions:

1. Using marker, draw various faces on jugs.
2. Using knife, cut 2" slit in the lower back side of the jug.
3. Place about an inch of small rocks or sand in the jug.
4. Stuff strand of lights into jugs, evenly distributing the lights into all jugs used.
