

DIY Spider Sacks

Ingredients:

- White Yarn
- Craft Glue
- Water Balloons

Steps:

1. In tupperware container, mix water with Craft Glue, to create a paste.
2. Soak Yarn into paste.
3. Blow up balloon.
4. Wrap balloon with yarn to create desired look. Squeeze extra water from yarn before wrapping.
5. Let dry, atleast overnight.
6. Pop balloon and pull it out.
7. Tie piece of yarn to top to hang sack.
8. Add spiders to complete look.
